

MESSAGE

Dear Colleagues and Friends,

We are very pleased to announce that the 8th Asia Pacific Conference Diabetic Limb Problem will be held on December 16-17, 2011 in Bandung – West Java, Indonesia. On behalf of Indonesian organizing committee, it is our great honor to organize this regional event.

The conference in Bandung promise to be entertaining and provide an enjoyable to all participants. Bandung is one of the biggest cities in Indonesia and one of the top tourist destinations with cold weather, excellent cuisines and many exciting places to visit in the afternoon till night. We would like to encourage both faculties and participants to take time to enjoy the many tourist attractions during their stay in Bandung.

I would therefore like to invite you join the Asia Pacific Conference on Diabetic Limb Problems which is supported by the Indonesian Orthopaedic Association and Endocrine Association of Indonesia. The Organizing Committee comprising members of the Asia Pacific on Diabetic Limb Problems, Indonesia Chapter have prepared an attractive scientific program for you. We have planned Plenary lectures, Symposium and workshop (with practical exercise) for all participants. This conference will provide continuing education for doctors, surgeons, nurses and allied health workers. It will serve to update your skill and knowledge for care of patients with diabetic limb problems.

Bambang Tiksnadi, MD
Chairman of Organizing Committee
